Online piracy is a huge business. A recent study found that Web sites offering pirated digital content or counterfeit goods, like illicit movie downloads or bootleg software, record 53 billion hits per year. That robs the industries that create and sell intellectual products of hundreds of billions of dollars. (Source: *The New York Times*)

Taiwan is making active preparation for “Double Ten Day” for the 100 Year Centennial Celebration of the birth of the R.O.C. – the Republic of China.

Discuss in detail some of the preparations you have seen or discovered and some of your impressions about them.

Besides these preparations, what other suggestions do you have in order to make this 100th Double Ten Day more meaningful for all Taiwan people? What themes should be emphasized? What additional activities should be planned that would be meaningful?
